api software, inc. Announces Name Change to API Healthcare

New name reinforces the company's exclusive focus on delivering human capital management solutions to healthcare providers

HARTFORD, Wis. — March 4, 2009 — api software, inc., the leading healthcare-only provider of human capital management, today announced it is changing its corporate name to API Healthcare Corporation. Effective immediately, the name change is being implemented to better reflect the company's exclusive focus on serving the healthcare industry.

"Our clients have known us as API and adding Healthcare to the name more accurately reflects our mission to optimize human capital in the healthcare industry," said J.P. Fingado, president and chief executive officer of API. "As API Healthcare, we bring together our software, services and devices to deliver solutions designed to help healthcare organizations control labor costs, increase employee satisfaction and improve patient outcomes. The new name is an important milestone in the growth of our company as we continue to partner with our healthcare clients to address some of the biggest challenges facing the industry today."

In connection with the name change, the company's Web address will move to www.apihealthcare.com.

Founded in 1982, API Healthcare provides time and attendance, staffing and scheduling, patient classification, and payroll and human resource solutions to more than 600 healthcare organizations.

As previously announced, the company was acquired by Francisco Partners, one of the world's largest technology-focused private equity funds, in November 2008.
